Summary

Detail-oriented third-year engineering student specializing in web development with hands-on experience in building responsive and user-friendly websites. Proficient in HTML, CSS, JavaScript, and modern frontend frameworks, with a basic understanding of backend technologies and authentication systems. Experienced in developing real-world projects, problem-solving, and collaborating on technical solutions.

Skills

Framework & Libraries: Next.js, Bootstrap, Tailwind CSS.

Web Technologies: HTML5, CSS3, JavaScript.

Frontend Development: Responsive Web Design, UI/UX Basics.

Backend & Databases: Node.js, Express.js, REST APIs, MongoDB.

Authentication & State Management: JWT Authentication, Cookie-Based Authentication, Zustand.

Technologies & Tools: Git, GitHub, VS Code, Postman.

Education

Gurukul Kangri Deemed to be University Haridwar	Uttarakhand, India
--	---------------------------

Bachelor of Technology Computer Science & Engineering lateral Entry	2027 Batch
---	------------

CGPA: 7.6/10

Govt Polytechnic Dehradun Pithuwala	Uttarakhand, India
--	---------------------------

Diploma in Computer Science & Engineering	Aug 2021 – Jun 2024
---	---------------------

CGPA: 9/10

Projects

E-Commerce Website | [GitHub](#)

- Developed and deployed a full-stack e-commerce web application with product listing, category filtering, and cart functionality. Implemented secure user authentication using JWT and cookie-based sessions.
- Built responsive and user-friendly UI components using React and modern CSS. Integrated REST APIs for product, user, and order management.
- Tech Stack: Next.js, Sanity, Clerk, Zustand.

Real-Time Chat Application | [GitHub](#) | [Demo](#)

- Built a real-time chat application enabling instant messaging between users. Implemented WebSocket communication using Socket.IO for real-time data exchange. Designed a responsive chat interface with efficient message handling. Managed user sessions and basic authentication for secure communication.
- Deployed the application on Render with live server access.
- Tech Stack: React.js, Node.js, Express.js, Socket.IO, MongoDB, WebSockets

Activities & Certifications

- NIELIT Haridwar:** Python Programming.
- Vervegen Tech Pvt Limited Dehradun:** Vocational Training.
- Internshala:** Machine learning with AI.
